QuickBooks is accounting software for small businesses. QuickBooks products are geared mainly toward small and medium-sized businesses and offer on-premises accounting applications as well as cloud based versions that accept business payments, manage and pay bills, and payroll functions.

Key Facts:

- Expense: \$5 - \$20 per month
- Process: QuickBooks is all online, so you can use it in a browser or on the mobile app. Once you connect your bank account, it only takes about five minutes to get up and running. We recommend QB online as it integrates with TieiT and is easier to use.

SIGN UP

Note: QuickBooks is the #1 Accounting software for Small businesses and independent contractors.

Dropbox

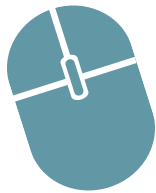

Dropbox is a file hosting service operated by American company Dropbox, Inc., headquartered in San Francisco, California, that offers cloud storage, file synchronization, personal cloud, and client software.

Virtual Office Solutions

A virtual office is a physical mailing address you can rent to make your business sound more professional. With add-ons available like a receptionist with a local phone number, however, and private offices and meeting rooms for hourly rental, you can make a big impression when the time calls for it.tions.

Expense: \$79-128 per month

MORE INFO

Note: Having a virtual office decreases overhead expenses.

Buffer is a new and smarter way to share what you want to share on Social Media. People have called it great names before, like your Social Media Assistant or the Siri of Social Media.

What it does is simple. You add updates or social media posts to your Buffer queue and it will be posted for you well spaced out over the day - and at the best times.

It's like your magic box you can use anytime to fill with great Tweets, Facebook stories or LinkedIn updates. Just drop them in and you don't have to ever worry about when it will be posted, it's all taken care of by Buffer for you.

Expense: \$10 per month

SIGN UP

Note: Krystal Clark will be giving Buffer demo next week.

Canva is an easy-to-use graphic design tool that you use right in your browser. It allows you to make professional-looking images and graphics and offers tons and tons of free and \$1-only resources. You can start with common templates for your social media profiles, common post types, print documents and even Kindle book covers.

After creating your mini-masterpiece, you can download your work as image files or PDFs or immediately share them on your social media networks. Canva makes design simple for everyone. Create designs for web or print: blog graphics, presentations, Facebook covers, flyers, posters, invitations etc.

Calendar Management

Google Calendar

Introducing a way to keep up with all your appointments and upcoming meetings! Google Calendar application allows users to create personal or public calendars after signing up for a Google account. The accounts are free, and Google stores the calendars within its cloud computing system. That means that the company stores the application and user information on its own servers. The user doesn't have to download special software to access the calendar -- all access is through a Web browser.

Expense: Included in your FBA membership

Process: Training session is in day 5 of training

calendly

Say goodbye to email tag for scheduling appointments, interviews, calls, demos and much more. Calendly allows clients and zors to schedule appointments with you by clicking a link.
